Hart Senate Office Building, Room 125
Washington, D.C., 20510

Dear Chair Heinrich and Ranking Member Hoeven:

I certify that neither I nor my immediate family has a pecuniary interest in any of the Congressionally Directed Spending items that I have requested in the Fiscal Year 2024 Interior, Environment, and Related Agencies Appropriations Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

I appreciate your distinguished leadership on this important bill, as well as the assistance that your exceptional staff provide to mine. If you have questions regarding any of my requests, please contact Seth Gainer on my staff at (202) 228-6688.

With warmest regards,

Joe Manchin III
United States Senator

**Manchin, Joe(D-WV) Interior and Environment
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Town of Alderson	Replaces approximately 4,000 feet of gravity sewer main line.	Alderson WV	\$1,336
Lincoln Public Service District	Replaces and upgrades elements of the existing water treatment plant.	Alum Creek WV	\$2,000
Clay - Roane Public Service District	Replaces water mains, meters, booster pumping stations, and pressure reducing stations to stabilize the water system.	Amma WV	\$8,000
McDowell County Public Service District	Upgrades the water service in the community of Anawalt and extends water service to approximately 60 new customers in and around the community of Leckie in McDowell County.	Anawalt WV	\$4,000
Town of Anmoore	Reduces inflow and infiltration in the Town's wastewater collection system.	Anmoore WV	\$2,000
Town of Ansted	Extends sanitary sewer service to residences, businesses, a school and the New River Gorge National Park & Preserve Visitor Center.	Ansted WV	\$42,000
Preston County PSD #1	Replaces chemical feed pumps in the water treatment plant, upgrades the booster system, and purchases a new portable generator.	Arthurdale WV	\$400
Village of Barboursville	Upgrades and replaces pumping stations and the treatment lagoon.	Barboursville WV	\$5,000
Town of Barrackville	Restores the Barrackville Covered Bridge.	Barrackville WV	\$400
Theatre West Virginia	Upgrades theatre lighting, sound, seating, and stage.	Beaver WV	\$650
Beckley Sanitary Board	Upgrades the wastewater treatment plant and Whitestick Lift Station.	Beckley WV	\$5,272
Beckley Sanitary Board	Provides improved wastewater collection and treatment to 4,026 customers in Raleigh County.	Beckley WV	\$2,000
City of Belington	Extends potable water, fire suppression, and sewer service along Corridor H to better serve existing and future customers and support economic development.	Belington WV	\$2,200
City of Belmont	Increases water supply and reliability to the Pleasants Power Plant and three other industrial customers.	Belmont WV	\$1,000
City of Belmont	Constructs a new water storage tank in the event of a catastrophe or maintenance.	Belmont WV	\$1,500
City of Belmont	Upgrades and replaces the roof to the water treatment plant.	Belmont WV	\$2,000
City of Belmont for Wastewater System Upgrade	Improves the existing wastewater system to address sewage backups due to large amounts of inflow and infiltration.	Belmont WV	\$1,000
Putnam Public Service District	Provides sanitary sewer to 236 customers in the Bills Creek area, including East Brooke Elementary School, that are currently served by a failing wastewater package plant.	Bills Creek WV	\$5,495
Birch River Public Service District	Extends water service to unserved customers along Mill Creek Road.	Birch River WV	\$755

Bluefield Sanitary Board	Rehabilitates the Bluestone to Westside interceptor gravity sewer.	Bluefield WV	\$1,096
Bluwell Public Service District	Replaces the Montcalm Wastewater Treatment Plant and upgrades the Bramwell Treatment Plant.	Bluwell WV	\$5,000
Bradley Public Service District	Improves surface and groundwater quality by extending wastewater treatment and collection service to 134 new customers and improving wastewater service for 60 customers in the communities of Dorothy, Walhonde Village, and Home School Village.	Bradley WV	\$1,500
Benedum Airport Authority	Provides sanitary sewer service to the new Aerotech Park located adjacent to the North Central West Virginia Airport.	Bridgeport WV	\$1,250
Preston County PSD	Installs a new metals removal system for the Hazelton Wastewater Treatment Plant and upgrades other system components.	Bruceton Mills WV	\$4,320
Preston County Public Service District No. 4	Expands water treatment plant capacity and improves water intake systems.	Bruceton Mills WV	\$13,526
Town of Buffalo	Begins construction of a storm water drainage system for the town of Buffalo.	Buffalo WV	\$5,000
Berkeley County Council	Creates an outdoor recreational park in southern Berkeley County.	Bunker Hill WV	\$1,000
Town of Burnsville	Extends potable water to approximately 55 customers in the northeastern portion of Braxton County.	Burnsville WV	\$5,976
Town of Cairo	Provides public water service to approximately 45 households located north of the Town of Cairo and upgrades the existing system.	Cairo WV	\$1,000
Mercer County Public Service District	Provides potable water to approximately 68 customers and Camp Creek State Park in the Camp Creek Area of northern Mercer County.	Camp Creek WV	\$3,294
Charles Town Utility Board	Upgrades three wastewater system main trunk lines and four pump stations in need of replacement due to old age.	Charles Town WV	\$6,130
West Virginia Department of Agriculture	Replaces an antiquated agricultural and environmental research facility and provides improved environmental quality and human health.	Charleston WV	\$60,000
The Garnet Foundation, Inc.	Restores the historic auditorium and museum of old Garnet High School building.	Charleston WV	\$50
City of Charleston, WV	Replaces the badly deteriorated and failing Magazine Branch Collector which sits within the waterbody, upstream from a major river confluence and the only drinking water system intake for the entire region.	Charleston WV	\$2,720
Kanawha Public Service District	Rehabilitates and puts back into service an existing portion of Kanawha PSD's wastewater treatment plant that was taken out of service in 2004.	Chelyan WV	\$9,166
City of Belmont	Upgrades the existing, aging water line to provide for better water flow to residential and industrial sites.	City of Belmont WV	\$1,143
Sun Valley Public Service District	Extends sanitary sewer service to approximately 150 new customers in the Marion and Fletcher Heights communities of Harrison County.	Clarksburg WV	\$4,100

Summit Park Public Service District	Upgrades the existing water distribution system through the replacement of approximately 33,500 linear feet of main water line and approximately 32 fire hydrants.	Clarksburg WV	\$5,784
Summit Park Public Service District	Repairs and replaces failing elements of the existing sewer system.	Clarksburg WV	\$1,000
Clarksburg Water Board	Reduces potentially toxic Total Trihalomethanes (TTHMs) to a sustainable and consistent level safe for consumption.	Clarksburg WV	\$2,880
Cool Ridge Flat Top Public Service District	Provides water service to a total of 34 new customers along Ellison Ridge Road and Joe Cooper Farm Road.	Clarksburg WV	\$1,200
Cool Ridge Flat Top Public Service District	Improves public water service to 1,845 customers and addresses water loss of 55%.	Cool Ridge WV	\$80
Cowen Public Service District	Supplies an estimated 60 household located along Route 82 Birch River Road with potable water.	Cowen WV	\$2,000
Buffalo Creek Public Service District	Constructs a gravity wastewater collection system to extend wastewater service for approximately 28 residences without current access to such services.	Curtis WV	\$1,996
Shady Spring PSD	Extends the sewer line along Grandview Road towards the New River National Park.	Daniels WV	\$4,020
Claywood Park Public Service District	Replaces failing lines along Dutch Ridge Road and installs new lines at Dutch Ridge Road and Meadville Road.	Davisville WV	\$1,000
